Where Did These Folks Go?

Rutherford EMC Has a Capital Credit Check for Them

In November 2016, a general retirement of capital credits was made to members who received service during 1996. Capital credits represent revenues that are retained by your Cooperative for the financing of operations and construction to reduce borrowing and to keep rates low. These credits are returned to you as the financial condition of the Cooperative allows.

Unclaimed capital credit checks are held for four years before the money is escheated* to the state. If you see your name listed on these pages we are holding

a check for you from 2016.

If the member is deceased, a family member or legal representative of the estate should make application for this check and the full amount of capital credited to that person's account. Last names beginning with (portion of K – Z) are listed in this newsletter. All towns listed are located in North Carolina unless otherwise printed.

**The reversion of property to the state due to returned mailings with no forwarding information.*
