Owned By Those We Serve

April 2021

JOIN US AS WE CELEBRATE LINEWORKER APPRECIATION DAY APRIL 12

Each year, Rutherford EMC joins other electric cooperatives across our state and nation to celebrate Lineworker Appreciation Day. Held annually on the second Monday in April, this day recognizes lineworkers' critical role in providing our members with the power they depend on every day.

The important responsibilities of lineworkers have become all the more challenging over the past year as they have implemented additional safety procedures due to the COVID-19 pandemic.

"Our lineworkers undergo extensive training and follow numerous protocols to ensure safety as they work to maintain our lines and restore power, often in very treacherous conditions," said Colon Saunders, Vice President of Operations. "The current pandemic has added another layer of precaution to an already demanding job, but our lineworkers have risen to the challenge and demonstrated an exceptional level of skill, dedication and expertise."

In addition to serving their own communities, lineworkers are also called on to provide aid across the state and nation following major storms and other times of need. This commitment to "cooperation among cooperatives" is one of the core principles that demonstrates the true strength and character of the cooperative network.

Please use the hashtag #ThankALineworker on April 12 and throughout the year to pay tribute to our lineworkers' many outstanding efforts!

LINEWORKERS BRING THE LIGHT.

Lineworker Appreciation Day

On April 12, remember to
#ThankALineworker.

Educators, Get Your Bright Ideas Ready!

It's that time again! Rutherford EMC kicks off its Bright Ideas Education Grant program and begins accepting applications from innovative educators for the 2021-22 school year on April 1. Teachers with ideas for creative classroom projects that bring learning to life can learn more and apply online at ncbrightideas.com.

Grants are available for projects across all grade levels and subject areas, and educators can apply for grant funding individually or as a team. Over the past year, the program has supported educators as they seek new ways to engage their students in modified classroom environments during the COVID-19 pandemic, and Rutherford EMC will continue to provide resources to facilitate innovative learning no matter what the upcoming school year holds.

Applications will be accepted until September 15, 2021. As an added incentive to apply early, educators who submit their applications by August 15 will be

entered into a drawing to receive a Visa gift card.

Since 1994, electric cooperatives in North Carolina, including Rutherford EMC, have partnered with K-12 teachers statewide to provide Bright Ideas grants for unique classroom projects that would not otherwise be funded. Over the program's history, more than 2.7 million students across North Carolina have benefited from nearly 13,000 Bright Ideas-funded projects totaling more than \$13.6 million.

The Bright Ideas grant program is part of our continued commitment to building a brighter future for the people, businesses and communities we serve. In addition to ensuring the delivery of reliable, affordable and sustainable power, this vision emphasizes the importance of innovation and ongoing community support. Learn more at remc.com or ncelectriccooperatives.com/brighter.

SWAP SHOP

Rutherford Electric Membership Corporation provides Swap Shop ads as a free service to its members. Guidelines are as follows: Ads are published first-come, first-served. When the space allotted for ads each month is full, remaining ads will be held over for the next issue. Ads will not be run more than once unless re-submitted. Commercial ads will not be accepted. We reserve the right to edit, condense or deny publication of any advertisement. Rutherford Electric Membership Corp. assumes no responsibility for the content of any advertisement and does not endorse or warrant any of the goods so advertised. Please include your account number with your ad.

Mail your ads to:

Newsletter Editor, Rutherford EMC, PO Box 1569,
Forest City, NC, 28043-1569 or e-mail at cbailey@remc.com.
No phone calls, please.

Fisher Baby Bear wood stove in good condition. 828-201-8133.

1950's – 1960's vintage peanut roaster, can be in either good or bad condition. 704-922-8674.

2021 Touchstone Energy Sports Camp Scholarship Program Suspended Due to COVID-19

Due to the ongoing uncertainty surrounding the COVID-19 pandemic, Rutherford EMC has made the difficult decision not to offer its Touchstone Energy Sports Camp Scholarships this year. This long-standing program typically provides full scholarships for middle school students to attend an overnight summer basketball camp at North Carolina State University and the University of North Carolina at Chapel Hill.

"We are disappointed not to move forward with this program this year, but feel this decision is in the best interest of scholarship applicants and their families given the challenges of the current pandemic," said Rutherford EMC's General Manager, Dirk Burleson. "We remain optimistic that we can resume this opportunity in 2022 when campers can once again experience the full benefits of the program."

Middle school students at qualifying schools are encouraged to apply for

a scholarship to attend camp in summer 2022. Applicants will be judged on their academics, extracurricular activities and an essay. The application period will begin on **January 1, 2022**, with a final deadline of **March 31, 2022**. To learn more about this program and its impact on local youth, visit remc.com or ncelectriccooperatives.com/sportscamps.

Know What's Below: Steps for Safe Digging

Spring is just around the corner, and there's never been a better time to get outside and enjoy the fresh air. Perhaps you're making plans for a new garden or a lawn makeover. However you're planning to revamp your backyard oasis, remember to keep safety in mind for all projects—especially those that require digging near underground utility lines.

Most of us never think about the electric, gas, water and other utility lines buried below the ground, but hitting one of these lines while digging is not the reminder you'll want—trust us! Rutherford EMC reminds all members who are planning a digging project to call 811 at least three business days before you start. Or you can submit a request online by visiting

www.call811.com/811-In-Your-State.

**Know what's below.
Call before you dig.**

Here's how the process works:

After you call 811 or submit your request online, all affected utilities will be notified of your intent to dig. It may take the utilities a few days to get to your request, so please be patient. The affected utilities will send someone out to mark the buried lines with paint or flags. Before you break ground, confirm that all the utilities have responded to your request. If you placed your request by phone, use the process explained by your 811 call center representative. If you submitted your request online, refer to your 811 center ticket to confirm everything.

By taking this important step before you break ground on your project, you can help protect not only yourself but our community. Disrupting an underground utility line can interrupt service, cause injuries and cost money to repair, so remember to call 811 first and know what's below.

Source: Abby Berry of NRECA

Where Did These Folks Go?

Rutherford EMC Has a Capital Credit Check for Them

In November 2017, a general retirement of capital credits was made to members who received service during 1997 and a portion of 1998. Capital credits represent revenues that are retained by your Cooperative for the financing of operations and construction to reduce borrowing and to keep rates low. These credits are returned to you as the financial condition of the Cooperative allows.

Unclaimed capital credit checks are held for four years before the money is escheated* to the state. If you see your name listed on these pages we are holding

a check for you from 2017.

If the member is deceased, a family member or legal representative of the estate should make application for this check and the full amount of capital credited to that person's account. Last names beginning with (portion of L – Z) are listed in this newsletter. All towns listed are located in North Carolina unless otherwise printed.

**The reversion of property to the state due to returned mailings with no forwarding information.*
