I hereby apply for membership in Rutherford Electric Membership Corporation, and to that end I agree as follows:

1.If I am connected with a minimal security deposit and my account becomes delinquent three times or is disconnected two times within 24 consecutive months, I understand I will be billed an additional amount to meet the standard deposit requirement.

2.To purchase from the cooperative all central station electric power and energy used on any and all premises to which the cooperative furnishes electric service pursuant to my membership for so long as such premises are owned or directly occupied or used by me.

3.To be bound by and to comply with all of the other provisions of the cooperative's certificate of incorporation, bylaws, rules, regulations, policies, and rate schedules established pursuant thereto, as all the same now exist or may hereafter be adopted or amended, and with the provisions of any supplemental contract that may be executed by me with the cooperative.

I hereby certify that I owe no existing bills to Rutherford EMC, and if for any reason my belief in this regard is in error, I hereby authorize Rutherford EMC, in consideration of its presently furnishing electricity to me, to add such outstanding bills to my present account for usual collection policies to apply.

It is also understood and agreed that, after any termination of membership, I may, by paying a new membership fee and any deposit required, and any accounts still owed to the cooperative, renew and reactivate this application to the same effect as if it had been newly and identically executed on the date of such payment or payments.

I acknowledge that I have been given a member packet containing information about the policies of Rutherford EMC and that the deposit and disconnection policies have been explained to me. I certify that the information above is my correct and complete name, address, social security number, date of birth, and driver's license number and is my true identity.

I agree that the phone number provided as primary contact phone may receive telephone calls placed by an auto-dialer.
