Rutherford Electric Membership Corporation

Has the following position available:

IT Infrastructure Technician **Cherryville, North Carolina**

We are looking for a dedicated individual to be responsible for the installation, maintenance, and troubleshooting of the physical and virtual components of the company's IT infrastructure. Additionally, this position will involve providing technical support to employees across multiple locations.

Responsibilities include:

- Monitor and maintain the company's network, servers, and endpoints.
- Troubleshoot system hardware, software, operating and system management systems.
- Ensure system security through the application of preventative measures.
- Create and manage backup and recovery policies.
- Monitor and enhance IT Infrastructure and network performance.
- Plan and execute the selection, installation, configuration, and testing of PC and server hardware, software, LAN and WAN networks, and operating and system management systems.
- Prepare users by designing and conducting training programs.

This individual must have a valid Driver's license. This position requires travel between REMC locations. Must be able to respond to after-hour calls within one hour. Participates in weekly safety meetings and ongoing training.

Rutherford Electric Membership Corporation is An Equal Opportunity Employer offering competitive benefits including health insurance, paid vacation, holiday & sick leave, retirement and 401K. Salary based on qualifications.

Requirements:

Successful candidate must possess strong interpersonal, listening, problem solving, verbal and written communication skills, coupled with an attention to detail, good organizational skills and the ability to handle multiple assignments. Prefer someone with a bachelor's degree in computer science, Engineering, Information Systems, or an equivalent combination of education and experience.

Additionally, the following knowledge, skills and abilities are desired:

- Proven work experience as an IT Infrastructure Technician or similar role.
- Knowledge of LAN/WAN networks, TCP/IP protocols and network technologies.
- Hands-on experience with common software and hardware.
- Experience with system installation, configuration and analysis.
- Thorough knowledge of computer systems and IT components.
- Good knowledge of internet security and data privacy principles.

This individual must reside either 30 minutes' drive away or live in the Lincoln-Gaston district

APPLICATIONS WILL BE ACCEPTED AT ANY RUTHERFORD ELECTRIC OFFICE OR THROUGH INDEED. COMPLETED APPLICATION SHOULD BE MAILED TO P.O. BOX 1569, FOREST CITY, NC 28043 OR EMAILED TO JOBS@REMC.COM BEFORE 5:00 P.M. ON FRIDAY, MAY 29, 2026.
